

# Special Housings

## TECHNICAL SPECIFICATIONS

### FRH & FRP Pedestal Series

This free standing gooseneck pedestal mount by BATKO, allows a card access or intercom station to be mounted in application such as garage or gate access. Three different pedestal mounts and four hood housings are available to suit drive-up or walk-up applications. The surface mount FRH series can be fixed to the FRP pole mount series or used as a stand alone wall mounted housing. The blank lexan face plate allows various mounting configurations. The built-in hood/cover protect components from direct sunlight, rain and snow.

**Hood Features :**

- 0.090" aluminum housing
- 0.188" Lexan surface front plate (available without lexan)
- Hood attaches to pole mount with 4 screws (provided)
- Concealed cables
- Six tamperproof bolts available in option for the hood.
- Four hood sizes available

**Pole Features :**

- Universal Pedestal Pole Mounts : 43", 60" & 96"
- Ideal for card access, Intercom station, call bottom
- 0.125" aluminum base plate welded to pole
- Decorative pole cover at base with locking screw
- Radius 2" x 0,125" pole
